

Government Incentives

> Some states offer CNG vehicle incentives, but vary significantly state to state

Reference the following web site for additional state incentive detail: <http://www.afdc.energy.gov/afdc/laws/state>

Customers should consult their tax advisor for incentive availability.

Compressed Natural Gas (CNG)

2012 MY Pricing

3-Tank System - UFM

3

Following components are required:

	MSRP
FHZ - CNG System	\$13,325
LC8 - Vortec 6.0L Engine (Natural Gas Capable)	\$1,295
ZX9 - Spare tire and jack delete	\$-240
Z82 - Trailing Equipment (Platform Hitch)	\$265
V10 - Cold Climate Package	\$75
Total	\$14,720

4-Tank System - UFP

4

Following components are required:

	MSRP
FHZ - CNG System	\$14,590
LC8 - Vortec 6.0L Engine (Natural Gas Capable)	\$1,295
ZX9 - Spare tire and jack delete	\$-240
Z82 - Trailing Equipment (Platform Hitch)	\$265
V10 - Cold Climate Package	\$75
Total	\$15,985

CNG Express and Savana Cargo Vans

Compressed Natural Gas (CNG)

Engineered to exceed FMVSS and NFPA Standards

Backed by the GM limited warranty*

Service and parts available at your local Chevrolet or GMC Dealer

One-stop shopping for a fully integrated, single invoice, CNG fuel system

No other OEM offers these benefits for CNG vans

CNG Express and Savana Cargo Vans

Fuel Storage System

Two different fuel capacities are available

- > 3-Tank / 15.8 gas gallon equivalent / 200+ mile range
 1. 10" x 73" = 6.4 GGE
 2. 13.2" x 31" = 4.5 GGE
 3. 13.2" x 32" = 4.9 GGE

Fuel Delivery System

The "under-hood" CNG fuel system is provided by Natural Drive

- > Control Module calibration work completed with oversight from GM engineering
- > CNG calibrations ensure engine operating parameters are within acceptable performance limits

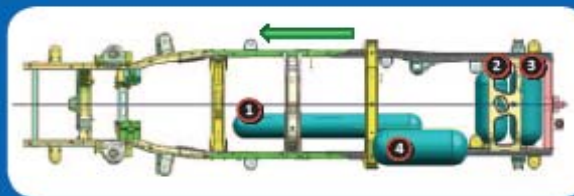

Fuel Storage and Fuel Delivery Systems are covered under General Motors warranty

- > Fully serviceable at GM dealers

Key elements of the CNG Integrated Solution

- > Gaseous fuel ready 6.0 L Vortec Engine
- > Dedicated CNG fuel storage and fuel delivery system and installation
- > Engine controller calibration
- > Engineered for the same reliability, durability and safety you would expect from all GM products
- > Fully backed by GM's limited warranty

- > 4-Tank / 23 gas gallon equivalent / 300+ mile range
 1. 10" x 73" = 6.4 GGE
 2. 13.2" x 31" = 4.5 GGE
 3. 13.2" x 32" = 4.9 GGE
 4. 15.4" x 39" = 7.2 GGE

Integrated Fuel Gage

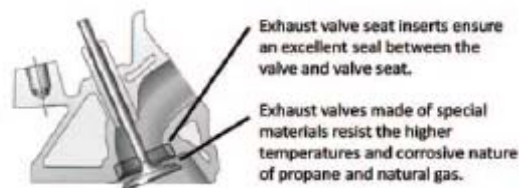

GM Fuel gauge calibrated to CNG pressure and DIC messaging for low fuel will come on at ~30 to 40 miles available.

Proven 6.0 L Vortec Engine

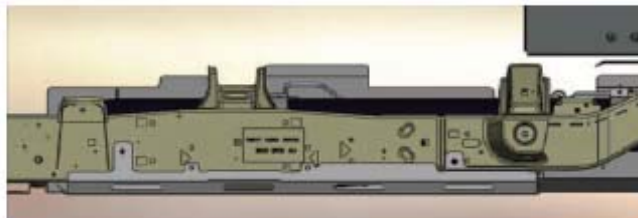

The (LC8) 6.0L Vortec gaseous fuel ready engine has:

- > Hardened exhaust valves
- > Hardened intake and exhaust valve seats
- > Full 5 year / 100,000 mile Powertrain Warranty

Fuel Storage Integrity

Frame rail depth extension protects longitudinal tank if the vehicle runs over a curb.

Order Guide for CNG - Just check the box

- > The van will leave Wentzville with a hardened engine
- > The CNG fuel system is installed by GM's Tier I supplier, PCI-IMPACO, and is included on the vehicle invoice.
